Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:
Application ratings are based on the applicant's academic work and accomplishments, breadth and quality of previous clinical training (minimum of 1000 total practicum hours required), understanding and skills in psychological assessment, match between our training program and the applicant's needs and interests, letters of recommendation, personal qualities of the applicant (maturity, ethics, responsibility, self-awareness) and organization and clarity of written material. Ultimately, our selection criteria are based on a "goodness-of-fit" and we look for interns whose interests and training goals match the training that we offer.
Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:
Total Direct Contact Intervention Hours: No
Total Direct Contact Assessment Hours: No
Describe any other required minimum criteria used to screen applicants:
Applicants must have at least 1000 hours of practicum training between intervention, assessment, and supervision, completed at least 3 years of graduate training, and be in good standing in an APA- or PCSA-accredited doctoral program in Clinical or Counseling Psychology.
